

Husqvarna K 3000 Wet

A powerful, versatile electric cutter with wet cutting kit and possibility to equip with Vac attachment. Perfect for indoor cutting jobs with minimal dust and slurry. Unlike other electric cutters, the blade rotates forward, cutting into the material efficiently and with a minimum of effort from the user. The K 3000 Wet also has Elgard™ that warns of an approaching overload. Now improved with a spray guard and a bladeguard lighter than its predecessor.

Features Husqvarna K 3000 Wet

- Electronic Softstart provides starting with normal, slow acting fuses.
- Powerful, versatile electric cutter.
- Can be eqiupped with Vac attachment for dry cutting.
- Generous distance between the handles improves control and reduces load.
- Elgard™, the advanced electronic overload protection system, varies the rpm rate, to warn the user of an approaching overload.
- Electronic SoftStart™ allows starting with normal, slow-acting fuses.
- Quick-locking of the spindle and large blade guard opening facilitate blade changes.
- Generously dimensioned miter gear provides high durability, minimal power loss and low noise levels.
- DEX, Dust Extinguisher System – K 3000 Wet has an integrated regulator that controls the water volume, ensuring a constant flow to the blade. The amount of water is sufficient to bind the dust without creating an excess.
- A residual current device makes operation safer.
- If equipped with the optional Vac attachment: See the benefits for the Husqvarna K 3000 Vac.

TECHNICAL SPECIFICATION	
Engine	Electric 120V
Voltage	230 / 120 / 110 V
Rated current, A	12/15/20 A
Power	1800 W
Rated input	2700/1800/2200 W
Blade diameter	14 inch
Max cutting depth	5 inch
Weight (excl. cutting equipment)	18.7 lbs
Vibrations front handle	3.5 m/s²
Vibrations rear handle	3.5 m/s²
Sound power level, guaranteed (LWA)	105 dB(A)
Sound pressure level at operators ear	95 dB(A)
